Master informatique 2\textsuperscript{e} année
Parcours Science Informatique (SIF)

http://master.irisa.fr

Welcome presentation
2017-2018

Maud Marchal, David Gross-Amblard
m2r\_resp@irisa.fr
Outline

- Generalities
- Curriculum organization and structure
- Planning of the year
- Selection of internship
- Communication
- Procedures
- FAQ
Overall objectives of the curriculum

- Methodological approach to research
- Trajectory towards starting a PhD thesis
- Integration within a research group
Geographical localization

- **Lannion**: ENSSAT
- **Rennes**: ISTIC, INSA Rennes, ENS Rennes, ESIR, CentraleSupélec
- **Vannes**: UBS
Contacts

- Persons in charge
  - David Gross-Amblard: 12D 268 vert
  - Maud Marchal: 12E 108 orange
  - One email: m2r_resp@irisa.fr

- Secretary
  - Isabelle Burel: 12D 284 green
    secr-m2-info-rech@univ-rennes1.fr

- Local contacts in other sites
Contacts

- Local contacts for each site:
  - Univ. of Rennes 1: D. Gross-Amblard
  - INSA Rennes: M. Marchal
  - ENS Rennes: M. Quinson
  - CentraleSupélec: V. Viet Triem Tong
  - ESIR: F. Lamarche
  - ENSSAT: F. Goasdoué
  - UBS: F. Oquendo
Curriculum organization

- 7 modules ("UEs") of 20 hours each (4 ECTS per module)
- Methodology (METH)
- Professionalization (PROF)
- Bibliographic study (BIBL, 6 ECTS)
- Colloquium (COLQ, 2 ECTS)
- 5-months internship (STAGE, 24 ECTS)
Methodology (METH)

- Introduction to different methodology tools
  - Useful for all the courses
  - Useful for your internship

- Planned on the first week, two parts:
  - Monday afternoon: software tools (C. Deltel, Inria Rennes)
  - Tuesday, Wednesday and Thursday: Reproducibility of research (A. Legrand, CNRS Grenoble)

- Remember: bring your laptop!
Professionalization (PROF)

- **CONF**: Large panel of conferences
  - Attendance compulsory
  - Organization of research
    - Research in Europe
    - Competitiveness cluster *Media and Networks* (pôle de compétitivité *Images et Réseaux*)
  - Intellectual property
  - Scientific presentations, doing a Ph.D., …

- Friday afternoon, most of the time, visio-conference for Vannes and Lannion

- Program on the website
Module RAS - Writing of Scientific Publications

- Lecture given in Rennes (20h)
- Lannion and Vannes: visio-conference, apart from the last session in Rennes (program committee)

Contents:

- The role of writing papers in a researcher's activity
- Why, when and how?
- Some advices to write a paper
- Evaluation by peers
- How to evaluate a paper: criteria, advices
- Deontological aspects: multiple publications, plagiarism, etc.
- “Labs”: your first program committee
Bibliographic study (BIBL)

- A first attempt at writing a scientific article
- “State-of-the-art” paper related to the internship topic
- Reading of research papers from November
- Report to be produced end of January (15 pages maximum)
  - Remark: time-consuming activity; don’t wait the very last time
- Guidance by your internship supervisor
Colloquium (COLQ)

- A first attempt to presentation of scientific results in limited time
- Presentation of the state-of-the art related to your internship topic (BIBL)
- Early February
Ethics: plagiarism

- Cite your sources in your presentation
- No plagiarism of other papers (even partial, even if you cite your sources)
- Plagiarism detection tools exist (and are used!)
- Your reports will be reviewed by experts
- Sanctions according to the French regulation (disciplinary board)
  - Exclusion from the university for up to 5 years
  - Definitive exclusion from the university
  - Exclusion from all universities
Maths

- For those that need to “refresh” their mathematical background
- Not mandatory
- Interactive (no formal lecture)
- Proposed for students
  - From universities
  - In Rennes only
  - Thursday morning (tentative)

Application: mail m2rresp@irisa.fr
Evaluation

- For all the modules:
  - A written exam
  - An other form: project, oral or an other written exam

- Access to your grades:
  - ENT: Numerical Work Environment (*environnement numérique de travail*)
Planning of the year (I)

- 1st semester:
  - 1st week: METH + presentation of the research teams
  - Start of lectures: Monday, 18th of September
  - 1st month: selection of the internships and research groups
  - Lectures during all the semester
  - Continuous evaluations
  - Bibliographic study BIBL (due at the end of January)
Planning of the year (2)

- 2nd semester:
  - Internship: February 1st to June 30th
  - Colloquium: January 31st to February 2nd
  - Curriculum evaluation meeting
  - Application to PhD theses
  - Writing of master thesis document (around 40 pages; maximum of 50 pages): early June
  - Presentation of internship results (late June)
Module selection

- 7 modules have been assigned to you:
  - If it is not the case, please contact us urgently!

- Your module form has to be signed:
  - Please sign it on next Monday and Tuesday at I. Burel office
Internship selection

- Presentation of research groups and internship topics this week
- List of internships on the website
- Visits to research groups / supervisors
- Internship selection form due on October, 19th noon
- Constraints w.r.t. research groups
  - Limited supervision capabilities + number of available PhD positions after the master, etc.

  - advice: do not select 3 internships in the same group!
- Possible arbitration in case of conflicts
- Regulation w.r.t. internship payment
  - Most interns will have a “gratification” (around 550€)
## Research groups

Communication: mailing list

- **Contact with students:**
  - m2r_etudiants@irisa.fr
  - Provide a valid *e-mail* address (+ mobile phone number and postal address)
  - Update (if required) your contact information when starting your internship

- **Contact with persons in charge:**
  - m2r_resp@irisa.fr
  - Please use this mailing list and NOT our individual e-mails
Communication: mailing lists and photos

- For each module: automatic production of:
  - Photos of the concerned students
  - Emails of the concerned students
  - On a protected area of the web site (no SPAM)
  - If you agree

- Advantage:
  - Mail sent to all the students of the module in case of schedule change
Communication: web site

- Address:
  http://master.irisa.fr/
  - Lecture notes and other pedagogical data
  - Evaluation procedure ("modalités de contrôle des connaissances")
  - Plannings (Rennes site only)
    - ADE software
SAVE (Service d’Aide à la Vie Etudiante)

- **Pôle Handicap**
- Service « Ressources » pour les étudiants en situation de handicap permanent ou temporaire.
- **Localisation** : Bât. 21
- **Correspondant pédagogique / Handicap** :
  - C. Brousseau christian.brousseau@univ-rennes1.fr
  - 02 23 23 62 31
Administrative formalities

- Registration to university/school: by the end of October
- Registration as “passager” to the University of Rennes 1 for the students of the other institutions (to get access to ENT)
- Signature of your module selection form
- Internship selection (before October 19th, noon) + “convention de stage”
- Reminder: lectures start on September, 18th
FAQ

- **Is it possible to spend my internship period abroad?**
  - Yes, provided that the research group is well-known

- **Is it possible to spend my internship period in a company?**
  - No, …, but
  - Except in a R&D department with well-identified research activities
  - Except if done within a research cooperation with the company

- **Am I allowed to follow lectures from another location?**
  - Yes, if possible due to schedule constraints

- **I follow an engineer curriculum. Where should I register?**
  - At your engineering school

- **More questions / answers: web site or m2r_resp@irisa.fr**
Questions?
